Advanced 3 Million 4pc. USB Interior Add-On Kit

Warning: Please check your state and local laws before installing this LED interior lighting kit. Every state has different policies and procedures in place regarding aftermarket vehicle accessories. LEDGlow is not responsible for any fines that you may receive while using the underbody kit. This kit is for off road use only.

Warning: The installation of this kit is recommended to be installed by a licensed professional. The improper installation of this kit will void all warranties.

The Advanced 3 Million USB Extender Kit that connects the interior tubes to the USB control box must be installed in a dry location! Having the extender kit exposed to water or the elements will cause it to fail. Any water damage or corrosion to this part will VOID all warranties.

Kit Contents:

- A. (4) 15" INCH INTERIOR LIGHTING TUBES
- B. (1) ADVANCED 3 MILLION USB EXTENDER KIT
- C. MOUNTING CLIPS AND WIRE MOUNTS

Please read the following instructions thoroughly before installing this Advanced 3 Million USB Interior Add-On Kit.

1. Arrange the tubes on the ground the way you plan to install them on the vehicle. Be sure to test the kit to ensure it is functioning properly before installation.
2. Start with the front interior tubes. Mount the tubes under your dash, seats, or foot well using the supplied mounting brackets. You can mount the two remaining tubes virtually anywhere inside of your vehicle.
3. Find a secure and dry location to mount the USB extender kit. LEDGlow recommends mounting this inside the vehicle close to your existing USB control box. The extender kit is not waterproof and cannot be mounted under the hood. You will void the warranty if the extender kit is not mounted inside the cabin of the vehicle.
4. Connect the included USB power wire from the interior USB extender kit to any open port on the USB extender kit that is powering your existing Advanced 3 Million Underbody Kit.
5. Run the power wires from each interior tube to the location of the interior USB extender kit. Be sure not to pinch any of the power wires when running them, this kit may cause the kit to malfunction and will void the warranty.
6. It is extremely important to double check **ALL** of the power wires to ensure they are kept away from any moving parts, and are not pinched. Any excess or slack in the power wires will have to be bound up and secured tightly.

Limited Warranty and Disclaimer

All LEDGlow Lighting, LLC. products come with a one year limited warranty on the internal parts of the product. This warranty starts from the date of purchase. LEDGlow Lighting, LLC. will replace or repair any qualifying defective product received by the company before the end of the warranty period. Installation of this product must be performed by a licensed professional. Should the failure of the product be the result of damage occurring as a result of improper installation, alteration of the product or an act or omission on the part of the consumer, this warranty is void. LEDGlow Lighting, LLC. shall not be responsible for any consequential damages which arise from the use and/or installation of the product. If the kit is installed in any manner other than specified, LEDGlow Lighting, LLC. reserves the right to deny any warranty claims at the discretion of the technical support department. The one year warranty is not transferable and is valid for up to one year from the original date of purchase. Any product return must include the original packaging, a statement of the alleged defect and an RMA number must be provided. All RMA numbers are valid for 14 days from issued date. Upon receipt of the returned product, the company will test the product for defect. If the results of the testing do not support the warranty claim, do not reveal any defect or indicate consumer negligence in the installation and handling of the product, then the product will be returned to you and you will be charged a reshipping fee. If the product is returned from an address within the continental United States, within the first 14 days after purchase, and is found to be defective, LEDGlow Lighting, LLC. will cover the cost of the return shipping with an emailed return label. This offer is only valid for the continental US. All international shipping, customs fees and/or duty charges are solely the responsibility of the consumer.
